1857 TOKAJ

Tokaji Furmint 2016

TERROIR

Mezőzombor - Galambos vineyard

The soil is typically brown forest soil, but there are loess spots in it. The subsoil is rhyolite, which is almost completely covered with rhyolite tuff.

Tarcal - Terézia vineyard

The soil is an optimal blend of loess and brown forest soil, which has similar subsoil to Galambos, but it rests on a perlite cone.

VINEYARD

The vineyards were replanted between 1999 and 2010, using 1,8 m and 2 m row spacing and 0,8 m between the vines according to the modern grape growing technology. We use 2 bud spur-pruning and the yield control is 1,5 kg / vine. All of our vineyards are under organic cultivation since 2009.

VINTAGE

Spring was difficult in the beginning because of the colder than usual weather. The high precipitation in July and August desired the increased attention of the viticulturists. In contrary to the difficulties we were able to protect our vineyards with organic methods. The wet weather made it possible to create wine with strong acidity and large body.

HARVEST

The ripe and healthy berries, the raw material of dry wines, were picked by careful sorting. We can taste elegant wines from this vintage, with vivid acids and moderate alcohol content.

Date of harvest: 15-21 September 2016.

TECHNOLOGY

The entire bunches were processed in pneumatic tank press, fermented by selected yeast in stainless steel tanks and matured in tank.

Date of bottling: 14-15 June 2017.

VARIETY

100% Furmint

WINE DESCRIPTION

The first hit on the nose is wild-flowers then a bit of box-wood smell rises. It has a nice pear and peach taste combined with crisp acids typical of the vintage. These lovely acids will keep the wine fresh for a long time.

DRINKING TEMPERATURE

11 °C

FOOD PAIRING

We recommend having the wine with fish, seafood and light summer dishes. But it can be nice to enjoy together with friends during warm summer evenings.

ANALYTICS

Alcohol: 12,21%

Sugar: 5,8 g/l

Titrateable acidity: 6,1 g/l
